

CHARITY GOLF

Organized by:

SAMUDERA

BACK- GROUND

Samudera 75 Charity Golf is hosted by Samudera Indonesia following Samudera Indonesia 75th anniversary. This year's theme “Do Good, Feel

Good” encapsulates the essence of our journey over the past 75 years—growing with purpose and reminding us that good purposes must be achieved through good means.

This theme also reflects the core values that have guided us for decades and will continue to lead us into the future. This milestone is a moment to honor the founder's legacy and a renewed commitment to inspiring everyone—employees, partners, and communities—to excel one another in performing good deeds. Samudera 75 Charity Golf will be filled with networking opportunities and engaging golf activities, while also allowing making an impact on others with Samudera Indonesia Peduli Foundation.

Samudera Peduli Foundation implements various programs to contribute to the development and empowerment of the community. Samudera Peduli Foundation implementation policies focus on improving the living standards of the communities around the Company's operational locations in coastal areas and other communities in need. Aligning with global Sustainable Development Goals (SDGs), Samudera Peduli Foundation implements many practices in sustainable programs and enhances the program's impact across communities and the environment.
